BATCHELET EYE

SURGICAL SOLUTIONS

Why Choose Us?

Experience

Dr. Batchelet has been serving Western Pennsylvania for over 12 years performing over 20,000 cataract and laser surgeries.

Advanced Technology

Cutting-edge solutions, including the Light Adjustable Lens, Custom Lens Options, and Dropless Cataract Surgery.

Integrity

We treat every patient like family with honesty and personalized care.

Our Services

- ✓ Cataract Surgery
- ✓ Refractive Surgery
- ✓ Minimally Invasive Glaucoma Surgery
- ✓ In-Office Laser Procedures

Unique Services

Light Adjustable Lens

We are one of the few practices that offer the Light Adjustable Lens. This is a major advancement that allows the lens implant power to be adjusted after cataract surgery to provide unparalleled vision without glasses.

Dropless Cataract

The majority of practices require the use of many drops after cataract surgery. At Batchelet Eye, in most circumstances, we remove the drops from your life. This saves time, hassle and is completed at no extra cost. In fact, the average cost savings is over \$300.

Andy Batchelet, MD
Ophthalmologist
& Surgeon
